secunet Security Networks AG raises forecast for 2015 financial year

[Essen, 11 November 2015] The Management Board of secunet Security Networks AG (ISIN DE0007276503, WKN 727650), a leading German supplier of high-quality, reliable IT security and an IT security partner of the Federal Republic of Germany, has adjusted its outlook for the 2015 financial year upwards. Whilst revenues and EBIT were previously expected to be at the same level as the previous year (2014: revenues of 82.2 million euros; EBIT 6.6 million euros), the current forecast anticipates an increase of revenues by approximately 10% with an EBIT margin at around the same level as the previous year. The reasons for the positive adjustment of the outlook are additional orders from authorities from the field of internal security.
